CENTRE FOR ADVANCED STUDIES "BEYOND CANON_"

**BEYOND
CANON_**

As announced during the EELC Business meeting on January 22, 2021, we want to start a series of Digital Meetings for Emerging Scholars from Eastern Europe. The idea is to allow young scholars in New Testament and Early Christian Studies (plus Old Testament scholars), that is, young persons from Eastern Europe with an outstanding master's thesis, doctoral students, and/or post-docs, to present aspects of their research to a group of senior scholars and at the same time get to know each other and start creating their own scholarly network(s).

These meetings will be organized by the University of Regensburg Chair of NT/Centre for Advanced Studies "Beyond Canon_" - at least for the time being.

A second Meeting is pre-scheduled for Saturday, December 11, 2021.

Digital Meeting for Emerging Scholars from Eastern Europe will take place via Zoom.
